CONFERENCE INFORMATION

This is the 16th year the Michigan Airport Conference has been held by the Michigan Association of Airport Executives (MAAE) and Michigan Aeronautics. By co-sponsoring this conference, we are able to provide airport sponsors, managers, consultants, and others interested in aviation the opportunity to meet in an open forum to share information and ideas. The conference also provides a versatile medium to inform attendees regarding changes and opportunities available to airport communities. The presence of vendors accentuates the availability of new equipment, products and processes, etc., that can be readily examined and provide hands-on opportunities. To have consultants available to explain their varying areas of expertise is another opportunity not to be missed.

AGENDA AND SPEAKERS

Wednesday morning sessions promises to be a great time to hear from the MDOT leadership as well as the latest news from the FAA. Irene Porter, Manager of the Airports District Office-Detroit and others on the FAA leadership team, will speak to us on the latest aviation news and developments. In addition, Lori Ballard from the Wayne Co. Airport Authority will be present to tell us all about the Disadvantage Business Enterprise Programs. The Wednesday luncheon speaker is Michael Boyd, President of The Boyd Group, Inc., an expert in the aviation industry. The afternoon Air Carrier and General Aviation round table discussions will be preceded by a panel discussion on Role of the Airport Board.

Thursday you won't want to miss a presentation by MDOT's staff on Non-Traditional Airport Uses followed by a panel discussion on Electrical Construction. The grand finale of our conference will be our most honored tradition of recognizing the Airport Sponsor and Consultant of the Year followed by the grand prize drawing. You won't want to leave early!
